## Enrich Your Digital Life

More convenient and more fun!

# *msi*<sup>™</sup>

## Features of Multimedia Product Series

### TV Tuner Card Product Series

Unique support for both Mac/PC (Windows)!!

MSI DIGIVOX mini MAC and Movie VOX mini Plus develop not only on the Mac OS application but also on the Mac stylish ID design. Besides, it also supports Windows OS at the same time!!

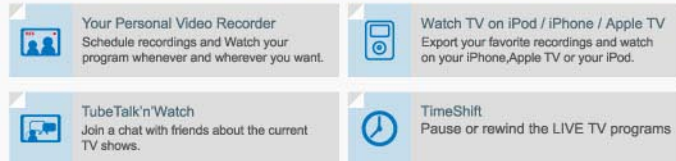

All Solid Capacitors, Max Lifespan!!

MSI is the pioneer to phase in Solid Capacitors in TV Tuner Card.

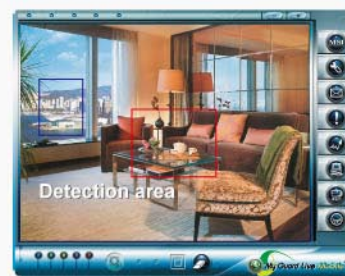

- Longer lifespan than electrolytic capacitors.
- Endurable to operation under higher frequency & temperature.
- Avoid exploding capacitors to cause product failure.

### Web Cam Product Series

#### MSI Exclusive Develop Software My Guard Live Mobile™ (Video Security Software)

Supports up to five monitor screens and E-mail Alarm with Snapshot, Audio Alarm and Video Clip Recording file to user's e-mail. New add Security function for Mobile device.

Server Site

Mobile Site

#### Q-Face®

Creates funny and delight for your webcam. MSI Q-Face® software included 4 effects. It can make your communication more colorful and more active. Burst and Video capture function can record any effects also can mail to anyone who you want to share with at the moment.

## Easy Face™

The powerful face identification software is developed by MSI. Users can install Easy Face™ on their computers and easily login without any password. Just look at the camera and please do not make any funny faces so that the camera will recognize you.

In addition, Easy Face™ has another function called AutoLocker. If your computer stops after a certain time, the AutoLocker will lock the computer automatically.

## MSI Exclusive Games

MSI's exclusive games include Star Mission™ and Chicken Shake™. Both games can be played with the webcam. MSI exclusive games are specially designed for professionals who want to relax and move their stiff head and shoulders when they feel tired. These games are easy to install and offers different scenarios games to enable user to have fun and enjoy the games. Users can choose to use the webcam or keyboard.

## Mouse Product Series

### Micro-receiver! Plug-and-Forget!

Once you plug the "Micro- receiver" into the USB port, you can just forget it.

Micro-receiver technology is a light weight for easy take out (only 70 g), the Micro-receiver not only can plug the USB port but also can embedded into mouse.

Automatic dormancy function also can save your battery life as well, mouse will be into sleep mode when you leave it after 10 minutes, and don't need switch function to save battery life again.

### The best use of the ergonomic design.

MSI StarMouse GS-502 can easy change weight by cartridge when you needed, "M" key which is mode function can memorize your programmable button for 3 set, otherwise, Gold-plated USB connector can connect your gaming PC as faster as possible.

## Card Reader Product Series

### Smart card reader / writer for PCs

The chip card reader allows users to enjoy the following benefits:

- Account balance inquiry
- Online shopping
- Transaction record inquiry
- Tax payment
- Money Transfer

It's very convenient especially for those who do not want to go out to look for an ATM or go to the bank and queue in long lines.

### Read your mobile phone's SIM card

The SIM card editing software enables users to browse, edit, and access the phone book and message in the phone's SIM card on the computer. It allows easy classification and data back up. Using the mobile phone book is easier and users can easily transfer the information from the old SIM card to the computer and copy it into the new SIM card.

**SIM data editing**

### Adaptor is unnecessary

Supports the latest memory card formats, such as CF 4.0, SDHC, M2, and Micro SD, to facilitate the exchange of data backup and eliminates the need for adaptor.

## Meets RoHS regulations

**MSI dedicates itself in the environment-friendly design**

MSI products are the first to be in conformity of the EU's RoHS (Restriction of Hazardous Substances) regulations, reducing heavy metals and toxic materials in the products. This is an effort made for the Earth, and essentially for a clean future.

## TV@nywhere E-Duo

DVB-T

Interface	PCI-Express(x1)
TV System: Digital TV	DVB-T
Listen to Digital Radio	Yes
Remote Control	Yes(VISTA Certified)
Input	Antenna TV Input
	AV/S-Video input
	FM(RF Radio Antenna Input)

	Time-Shifting
	Scheduled-Recording
	Favorite Channel list
Software Application	ArcSoft TotalMedia™ 3

## Movie VOX mini Plus

## Video Capture

Interface	USB2.0
System Detection	NTSC/PAL
Listen to Digital Radio	N/A
Hardware SnapShot Button	Yes
Remote Control	N/A
Input	Antenna TV Input
	AV/S-Video input
	FM(RF Radio Antenna Input)
Software	Turn Analog Video
Features	Tape into Digital DVD/VCD..
	Capture Video Source from VHS, V8, Hi8..etc
	Convert Files for iPod / PSP / Mobile Phone
Software Application	ArcSoft Media Converter ArcSoft ShowBiz DVD
Support OS	MAC / PC (Windows)

## SyrenSound X-Fi

Interface	PCI-Express (x1)
Playback	24-Bit / 96kHz up to 7.1
Signal-to-Noise Ratio	104dB (20kHz Low-pass filter, A-Weighted)
Total Harmonic Distortion + Noise at 1kHz	0.007% (20kHz Low-pass filter)
Recording	24-Bit / 96kHz
X-Fi Technology	X-Fi Crystalizer X-Fi CMSS-3D Virtual X-Fi CMSS-3D Headphone
<b>Connectivity</b>	
Line in / Microphone In	Shared 1/8" mini jack
Speaker Out	4x 1/8" mini jacks
Optical Out	Supports stereo SPDIF out and pass through of multichannel DVD sound.

## SyrenPhone Gaming

Coming soon

<b>Earphone</b>	
Interface	USB
Driver Units	40mm Neodymium Magnet
Frequency Response	20Hz ~ 20kHz
Impedance	32ohms
Sensitivity (1kHz)	110dB / mW
<b>Microphone</b>	
Microphone Type	Uni-directional Microphone
Frequency Response	100Hz ~ 18kHz
Impedance	<2.2kohms
Sensitivity (1kHz)	112dB +/-3dB@ 1KHz
Cable Length	2.5m Oxygen-Free Copper cable
Volume control	Yes
Weight	260g
